NUMBERS HAS NEVER MEANT
MORE TO OUR BUSINESS.'**

-COMMERCIAL FLEET CFO

**'SMARTER. SAFER. IN FULL
CONTROL. THAT'S HOW WE
ROLL WITH WAYSMART.'**

-SAFETY MANAGER

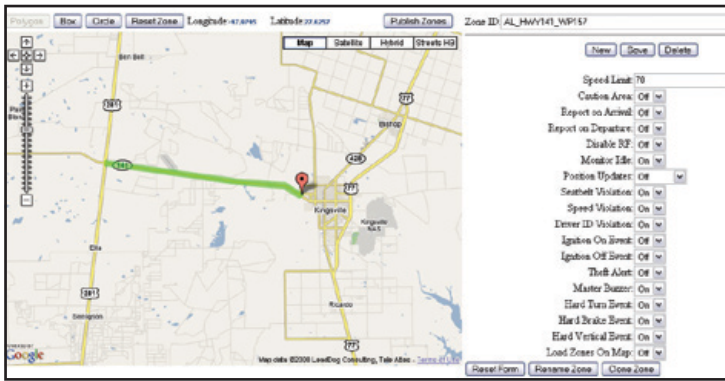

WAYS^{SMART}™ FROM INTHINC.™

THE SAFEST. THE SMARTEST.

THE WAY TO KEEP YOUR PROFITS ON A ROLL.

► **Fleet safety has never looked smarter.** Introducing the waySmart™ 820 RTS (Real Time Safety) system. The one system smart enough to create immediate, dramatic changes in the driving behavior of your fleet while also providing your business with tremendous control and quick ROI. All powered by industry innovations including in-cab mentoring, Speed By Street™, waySmart™ Zones and an SAE J211-compliant crash data recorder.

The proprietary technology of waySmart™ Zones gives you the richest array of settings and controls, enabling you to fully customize safety parameters and reporting criteria for each unique zone you create - and there's no limit to the number of zones you define.

For optimum cost-efficiency and security, waySmart™ communicates data via your choice of cellular, satellite and WiFi networks, while also providing you the flexibility to receive alerts as voice mail, text message or email.

DRIVER SAFETY

- ▶ in-cab real-time mentoring
- ▶ aggressive driving warnings
- ▶ unique Speed By Street™ controls
- ▶ customization of posted speed limits
- ▶ driver down/ automatic crash alerts
